Re: Educational reference for Adam Hoar

Due to the complexity of the law surrounding references, it is Makers Academy's policy to decline requests for the completion of questionnaires on our current or former students. Instead, we offer a "statement of attendance", which includes specific information concerning the period of attendance but does not include an assessment of ability or competence.

Adam Hoar attended our Software Development course, including a four week part-time pre-course and a twelve week full-time course. Their dates of attendance were 2022-11-07 – 2023-03-10.

The above information is given to you in confidence and in good faith. No responsibility can be accepted for any errors, omissions or inaccuracies in the information or for damage that may result from reliance being placed upon it.

Many thanks,
